PROJECT SCOPE STATEMENT

Project Name	P.A.T

Project Deliverables	Detailed Description
View and log personal exercise activities	View personal exercise activities completed in the past. Add an exercise routine to be completed today / view today's completed exercises. Add a routine on a built-in calendar to be completed on a future date.
View current personal progress	View and update any personal goals and stats. This could include stats such as farthest run or longest exercise routine, or goals like lowering weight or increasing speed.
View other activities submitted to the website	Users will be able to view exercise routines that were submitted to the website and be able add exercises to the calendar to be completed at a later date.

Project Exclusions

Socialization within the tool:

There will be no options to add and socialize with friends within the platform for the first MVP. This includes adding a friend, seeing a friend's goals and records, and directly viewing friends exercise logs.
